PRODUCTS &gt; WRENCHES &gt; WRENCHES - SPECIALTY

Extend your reach with the TEKTON 10-pc. 3/8 in. Drive Crowfoot Wrench Set (Metric). These handy problem solvers give you more options when you are trying to get at fasteners in tight, awkward spaces. With every common size from 10 mm to 24 mm, they are ready for use with your 3/8 in. drive ratchet, extension, or torque wrench. A metal storage rail keeps them neatly organized. Made from high quality forged and hardened steel, wrenches feature a tough chrome-plated finish that resists rust and corrosion.
