

8-pc. Screwdriver Set

PRODUCTS > SCREWDRIVERS > SCREWDRIVERS - SETS

Get a grip on these TEKTON screwdrivers and get it done. The shafts are made from professional-grade heat treated chrome molybdenum steel and are protected by a corrosion-resistant triple chrome-plated finish. Precisely milled for exact fit in screw head, the tips are magnetized to hang onto screws, preventing them from being dropped and making one-handed installation easy. The 6-flute, handles give you both comfort and maximum turning power even under high stress.
